We are also including research on Spritualist Pioneers which can be found on page 3 which is our Easter Event page showing the modern day trance mediums.

A reminder to our members that the Church AGM is on Saturday, 25th March 2017.

Our Awareness Classes commence on Tuesday, 28th March 2017 at 7.30pm.

Spiritual Pioneers

LILIAN BAILEY OBE
Renowned
Deep-Trance Medium

Lilian Bailey was a deep trance medium who gave supreme survival evidence to many notable personalities in the 20th Century. Kings and Princes consulted her because of her remarkable gift which allowed her spirit-self to leave its mortal shell & thus allow a communicator from the next world to take temporary control of it; after this bereaved Statesmen & people who had held high office were now able to speak directly to their loved ones whom they had left behind on the Earth.

Lilian Bailey is one of a handful of gifted 20th Century British Mediums who were responsible for Spiritualism becoming a State-religion, owing to the impression that the stunning quality of her survival evidence made on all who witnessed it.

The above researched from one of the Lilian Bailey web sites.

Also from "An Introduction to Spiritualism" booklet of the SNU publication 2014.

Spiritual Healing

Every Week

Monday	2-4 pm
Tuesday	4-6 pm
Thursday	2-4 pm

Everyone is welcome to come along and receive Spiritual healing at the Church. Many people find it hugely beneficial and come on a regular basis.

Our healers are dedicated in providing this service, giving their time freely and selflessly to help others.

Spiritual healing involves the channeling of healing energies from the Spirit world through a Spiritual healer to the patient. Healing can bring about harmony to the mind, body, Spirit and emotions of the recipient.

Let's celebrate all the Church Events during 2017 with your support for a successful year.
Thank you.

It is with many Congratulations from Paignton Spiritualist Church to our upgraded approved SNU healers. Christine Minchinton, Andrew Minchinton, and Yvonne Fryer, who successfully completed their SNU Trainee Healers course and passed their upgrading assessments at Exeter Spiritualist Church on Saturday 21st January.

Their dedication and commitment in completing the practical and written H1 course, and to our church in attending the healing sessions and putting the patients that came in for healing at ease with their compassion and caring attitudes, means that they are a great asset to our church healing team.
Well done to them all.

TO MAKE YOU THINK

"In a mother's womb were two babies. One asked the other: "Do you believe in life after delivery?" The other replied, "Why, of course. There has to be something after delivery. Maybe we are here to prepare ourselves for what we will be later."

"Nonsense" said the first. "There is no life after delivery. What kind of life would that be?"

The second said, "I don't know, but there will be more light than here. Maybe we will walk with our legs and eat from our mouths. Maybe we will have other senses that we can't understand now."

The first replied, "That is absurd. Walking is impossible. And eating with our mouths? Ridiculous! The umbilical cord supplies nutrition and everything we need. But the umbilical cord is so short. Life after delivery is to be logically excluded."

The second insisted, "Well I think there is something and maybe it's different than it is here. Maybe we won't need this physical cord anymore."

The first replied, "Nonsense. And moreover if there is life, then why has no one has ever come back from there? Delivery is the end of life, and in the after-delivery there is nothing but darkness and silence and oblivion. It takes us nowhere."

"Well, I don't know," said the second, "but certainly we will meet Mother and she will take care of us."

The first replied "Mother? You actually believe in Mother? That's laughable. If Mother exists then where is She now?"

The second said, "She is all around us. We are surrounded by her. We are of Her. It is in Her that we live. Without Her this world would not and could not exist."

Said the first: "Well I don't see Her, so it is only logical that She doesn't exist."

To which the second replied, "Sometimes, when you're in silence and you focus and you really listen, you can perceive Her presence, and you can hear Her loving voice, calling down from above." "

Wayne Dyer

The above was submitted by our healer, Anne Jenkins. Thank you.

PEGASUS: in Greek Mythology Pegasus was an immortal pure white wing horse with the power to create water wells, a winged divine Stallion. It also has its place among the stars. If you are interested in Greek Mythology it makes interesting reading.

UNICORN: a legendary creature/horse with a pointed spiral horn projecting from its head. It is said to heal sickness and has magical powers to clean poisoned water.

In modern times both these creatures have been design, coloured, and written about for the younger generation. This has created many magical toys, stories and merchandise for our fabric designers also. As well as being used in tarot and angel cards for spiritualists.

TO MAKE YOU LAUGH

And the serious side to being old.....

Omar Sharif once said, when interviewed back in the 1980's, he was looking forward to getting old. He could forget all the (young) ladies and not bother with that stuff laughing. He imagined being old was easier more peaceful as long as one had good health. Sadly, he was plague with health problems and Alzheimer's and died after a heart attack in 2015 age 83. Omar had a brilliant mind, speaking 7 languages and gaining a degree in mathematics & physics as well as being a heart throb to millions after his acting roles in the films Doctor Zhivago and Lawrence of Arabia.

Yul Brunner, Russian born, Swiss film Director, Actor, Singer & Photographer made an anti-smoking TV Advert while he was dying from lung cancer. Smoking from the Age of 12 he wished he could take back those years and not smoke. He is most famous for the musical The King & I back in 1951 when he shaved his head for the part and kept his bald look; known as the Brynner Look. Another heart throb for many, he was an accomplished guitarist, he wrote 2 books (a children's book and a cook book) as well as releasing one album as a singer of gypsy songs. He died in 1985 aged 65.

Sir Alfred Joseph Hitchcock KBE an English film Director known as the "Master of Suspense" playing on emotions, fear and suspense; making more than 50 films. He was often described as having a lonely and sheltered childhood that was worsened by his obesity. Around age 5, Hitchcock recalled that to punish him for behaving badly, his father sent him to the local police station with a note asking the officer to lock him away for five minutes. This incident implanted a lifelong fear of policemen in Hitchcock, and such harsh treatment and wrongful accusations are frequent themes in his films. When he was 15 his father died and he went on to study Engineering and Navigation in London. After leaving he became a draftsman and advertising designer. During the First World War, Hitchcock was called up to serve in the British Army, he was ultimately excused from military service with a 'C3' classification due to his size, height or an unnamed medical condition. He died in 1980 of renal failure.

A POEM

SPRING

The new beginnings bring
The Daffodils of spring
The Blackbird on the wing,
For his other half does sing.

The buds begin to grow,
The camellias give a show,
Primrose and Snowdrop
Fill the Hedgerow

The days are getting longer,
The Sun is getting stronger,
The Gardeners...how they toil,
With their tilling of the soil.

Excitement fills the air,
Anticipating... when and where,
The next blossom will appear
At this...renewing time of the year!
